Item Title: Solid Waste Truck

Staff Source: Donald Webb/ Public Works Director

History/Background Information: The bid from Southwestern Equipment Company for \$165,861.00 did not meet the required specifications. The Kann Manufacturing Corp. on the International Chassis, for \$189,339.00. I also recommend that we retain possession of the 1999 International truck. The trade in value is \$7,000.00. We would like to keep the chassis and remove all useable equipment from the packer body and scrap the remainder. The truck will be converted into a backup roll off truck/dump truck for use in the Sanitation, Street, and Water Department

Item/Subject Summary: Recommendation for Solid Waste Truck

Price/Cost: \$189,339.00

Recommendation: We recommend the second lowest bid that meets all bid specifications.
